VANTIX®

Sure Comfort® Vantix® Line

Dedicated to your peace of mind, the EcoNet® enabled Sure Comfort Vantix Line SA19AY offers one of the highest efficiencies available. That means you can enjoy dependable comfort while watching your utility bills go down.

SureComfort.com/Vantix

Packed with

Innovation You Can Count On

Patented industry-first features and advanced design make the Sure Comfort Vantix SA19AY a smart choice.

Peace-Of-Mind Performance

Relax, you're covered by one of the best warranties in the industry¹— 10 Year Parts + 10 Year Conditional Unit Replacement.

Energy Savings

Just like a vehicle's MPG rating, the higher the SEER2 and EER2 rating (Seasonal Energy Efficiency Ratio / Energy Efficiency Ratio), the higher the efficiency of your air conditioner—resulting in more energy savings. Keep in mind, other factors such as system matching, sizing, ductwork and installation also impact the overall efficiency. By working with a properly trained contractor, you can be confident that you are choosing the best cooling system for your home's comfort—and your budget.

Genuine Comfort

Inverter driven, variable speed compressor technology features cooling operation between 40% and 100% of capacity (with overdrive capability up to 115% in extreme conditions) to continuously meet your ever-changing cooling needs. You'll enjoy exact temperature and advanced humidity control that combine to exceed your optimal comfort expectations.

High-Strength Curb Appeal

The wire grille provides excellent protection to internal components, while modern cabinet aesthetics, including the corrosion-resistant composite base pan and powder coat paint system, allow your unit to put its best face forward for years to come.

Quiet Operation

Efficient home comfort shouldn't be noisy. That's why our air conditioners are designed with acoustics in mind. Sound-dampening features such as refrigerant tubing design, fan blade approach, composite base pan and innovative compressor and drive technologies ensure that as efficiency goes up, sound levels stay low.

EcoNet Smart Thermostat

VANTIX[®]

FEATURES AT A GLANCE

Cooling Efficiencies Up To:
20 SEER2 / 13 EER2

Refrigerant Type: R-454B

Nominal Sizes: 2 to 5 Tons

Cooling Capacities:
22.8 to 54 kBTU

EcoNet[®] Enabled: Yes

Sound Rating²: As low as 57 dB

Compressor Type: Inverter Driven,
Variable Speed

Condenser Coil Type: 3/8 in.

FEATURE HIGHLIGHTS

Diagnostics: Bluetooth technology aids in
quick & easy service

Expanded Valve Space: Provides a
minimum working area of 27-square in.

Easy Service Access: 15 in. wide industry
leading corner service access, two-
fastener removable corner and easily
removable wire grille

Refrigerant Detection System^{TM4} –
Integrated, patented design providing
system protection and homeowner
peace-of-mind with low GWP
refrigerant monitoring

Limited Warranty¹:

Parts – 10 Years

Conditional Unit Replacement – 10 Years
(registration required)

Simplified Install & Service with Bluetooth Technology

Built-in Bluetooth[®] connectivity makes it faster and easier for your contractor to install and service your new system. This can help lower your costs and help make your home comfortable again—fast.
